# WALL-MOUNTED LED BATHROOM MIRROR 

(1) Please read the instructions carefully before using.
(!) Do not disassemble or refit the products.
(!) Press touch sensor button properly.
(I) Handle with care during installation or moving.
(I) Keep the mirror dry; moisture reduces the sensitivity of the product.
(!) Turn off the power before cleaning. The surface of the mirror should be cleaned with glass cleaner; please make sure the mirror is completely dry before using.
(!) Turn off the power and avoid direct sunlight if not used or stored for a long time. Far away from children's access.
(!) Make sure that your charging device is adequate for the mirror voltage rating before using.
(!) Do not approach or put the product into the fire in case of fire or explosion.
(!) Stop using it immediately if abnormal condition occurs.

* We reserves the right of any modification of the product involving design and specification, all the materials here are for your reference only and are subject to the products you received. No further notice be given for any technical parameters changed.
